The Terracotta Army is a collection of life-size, terra-cotta sculptures of soldiers, horses, and chariots that were buried near the tomb of the first Emperor of China, Qin Shi Huangdi (r. 221–210 BCE). The army was created to protect the emperor in the afterlife. The Terracotta Army was discovered in 1974 by local farmers who were digging a well. The sculptures are located in Shaanxi Province, China, and are considered one of the greatest works of art in the history of sculpture.

**Terracotta - Wikipedia**

Insisting upon the need to sculpt Washington from life, Houdon and three assistants arrived at Mount Vernon on October 2, 1785. There, Houdon made a life mask, modeled a terracotta bust from life, and took measurements of the General's form. The terracotta bust was presented to the General, and remains at Mount Vernon today.
